Engineering Geologist Statement (If Applicable)

I certify that the rough grading work conforms to the geotechnical recommendations provided in my reports, based on field observations during grading.

Geologist Name: _____

CEG #: _____ Exp. Date: _____

Signature: _____ Date: _____

Company: _____

Notes and Disclaimers

- This form must be wet signed and stamped by each applicable licensed professional. Each licensed professional may provide their own signed BS-025 form.
- Any deviations from the approved plans must be documented and approved by the City of Hesperia prior to certification.

Compliance with rough pad drainage, slope stability, and grading limits are required before proceeding to building construction.
